

## 3" Eagle Tube Perforating Machine

Eagle High Production Mandrel type tube perforating machine

- Model: Tube Perforator
- Tube diameter:
  - Maximum: 3"
  - Minimum: 1-1/2"
- Tube length:
  - Maximum: 24"
  - Minimum: 6"
- Tube indexing
- Pierces 2 opposed longitudinal rows at a time
- 2-Hand cycle start
- 2-Axis CNC-Servo drive positioning for correct tube position and radial spacing of holes
- Accepts quick change Eagle tooling for tube

- **Stock Number:**  
AM10595
- **Brand:** Eagle
- **Capacity:** 3 inches

diameter and hole pattern

- Cam operated piercing stroke offers positive stripping and unique slug ejection
