

3-1/2" Addison McKee #DB89 CNC Tube Bender

Refurbished 3.5" Addison McKee DB-89 3-Axis
CNC horizontal mandrel type tube bending

• Stock Number:
AM19053

machine

- **Tube capacity:** 3.5" OD x 0.3" WT (mild steel)
- **Maximum centerline radius:** 16"
- **Maximum bending rotation:** 180 degrees + springback
- **Maximum tube length over mandrel:** 144" (approx)
- **Bending rotation:** counter-clockwise (left-hand)
- BendPro G2V2 CNC operator controls (Windows-based)
- Servo electric C-Axis - bending action
- Sliding clamp insert for compound bending
- Hydraulic mandrel extractor
- Hydraulic pressure die assist
- Hydraulic direct acting pressure die
- Hydraulic clamp die - drop away type
- Wiper die mount
- Overhead tie bar mount
- Refurbished in 2020

- **Brand:** Addison McKee
- **Capacity:** 3.5000 inches
