

3/8" Addison McKee #DB10ST CNC Tube Bender

Addison McKee CNC Horizontal Tube Bending Machine

- Model: DB10ST
- Maximum Bending Capacity: 3/8" (10 mm) OD x .065" (1.5 mm) WT
- Maximum Degree of Bend: 180° + Spring Back
- Tube Length over Mandrel: 60" (approx.)
- Bending Rotation: Right Hand (clockwise)
- Databend CNC control System & Touchscreen Operator Interface
- Electric Servo Positioning of Y-Axis
- Electric Servo Positioning of B-Axis
- Hydraulic Servo Positioning of C-Axis
- Pneumatic Tube Support & Collet Closer
- Through Bolt Bend Die Mounting System

- **Stock Number:**
AM19774
- **Brand:** Addison McKee
- **Capacity:** 0.3930 inches
