

## 6" (150mm) Hines #600 NC Tube Bender

Hines horizontal heavy duty mandrel type tube bending machine

- Model: 600 NC
- Maximum tube diameter: 6" (150 mm) x .250"WT
- Maximum centerline radius: 24"
- Maximum rotation: 180° + springback
- Bending rotation: right hand (clockwise)
- ProFace PLC programmable operator touch screen control station with footswitch cycle start
- Pressure die assist
- Hydraulic mandrel extractor
- Square/Rectangle bending package
- Used tooling mounted on machine for 2.5" x 2.5" square

- **Stock Number:**  
AM20446
- **Capacity:** 6 inches
