

Autoload 16

The Autoload 16 is a widely versatile collaborative industrial robot, delivering both high payload (35.3 lbs.) lift and long reach (35.4 in) which makes it well suited for a wide range of applications in machine tending, palletizing, and packaging. The Autoload 16 has a 3-Position Enabling Teach Pendant. This powerhouse robot allows for heavier end of arm tooling and multi-part handling and is especially useful for achieving shorter cycle times. The utility of this collaborative industrial robot is unmatched.
