

2" Wauseon Ram Type Tube End Former, 5 Hit, Hydraulic Type

Wauseon hydraulic tube end forming machine

Model: 1385

Capabilities (per mfg specifications):

- Maximum tube OD: 2"
- Ram force: 12.5 tons
- Number of ram strokes: 5
- Tube clamp force: 25 tons
- Ram Cylinder: 4"
- Ram Stroke: 8"
- Max Clamp Opening: 2"

Specifications:

- Hydraulic clamping system
- Machine mounted push button controls
- 6-hit rotary tool changer
- Low pressure lock-up
- Integrated hydraulic system – 25 HP
- Allen Bradley controls
- Automatic lubrication system

- **Stock Number:**
AM21366C
- **Brand:** Wauseon
Machine
- **Capacity:** 2 inches
