

12" Pines Roto Form Extrusion Bending Machine

Pines Roto Form 5-12 Roll Extrusion Bending Machine

Model: Roto Form

Specifications:

- Maximum Radius (practical limit): 120"
- Minimum Radius (to centerline): 3" x OD
- IPS Capacity: 5" - 12"

Includes:

- Automatic roll extrusion forming principle
- Push button control pedestal
- Oil reservoir in base for recirculated head & ID pipe lubricant
- Assortment of tooling available

- **Stock Number:**
AM21672
- **Brand:** Pines
- **Capacity:** 12 inches
