

0.75" Eaton Leonard #VB19 Pipe Bender

Eaton Leonard CNC horizontal all electric tube bending machine

- Model: VB19 ELEC

Specifications:

- Maximum bending capacity:
 - - Ferrous materials: .625" (15.8mm)
 - - Non-ferrous materials: .75" (19mm)
- Maximum centerline radius: 4" (102mm)
- Maximum tube length over mandrel: 84" approx.
- Maximum degree of bend: 180° + spring back

Includes:

- Eaton Leonard CNC control system
- Servo driven bend head
- Pneumatic collect closer
- Rexroth servos and drives
- Servo pressure die assist
- Servo controlled pressure die
- Removable pneumatic mandrel extractor
- Reversible bending rotation
- Pneumatic tube support
- No hydraulics

- **Stock Number:**
AM21968
- **Brand:** Eaton Leonard
- **Capacity:** 0.7500
